A rider's best 10 performances (points scored) count towards the total for the series, thus the maximum score possible is 400.
- (d) Joe Buxton Handicap Competition - rider's categories do not apply. Points are awarded as in (c) above but based on handicap time, i.e. actual time minus handicap. A handicap is assigned to each DMRC rider at the start of the season based upon performances over the previous 2 seasons, relative to the scratch time for the course. In the absence of any previous form, a handicap is calculated from the rider's first ride of the season. Through the season a rider's handicap is reduced when improved performances require it.
